Instructions

🌈 **Printer Settings** - Before printing the pattern block mats, check that the printer is not set to scale or fit to page. If you scale it to fit, the size of the pattern blocks may increase.

🌈 **Preparation** - Laminate the pattern block mats for added durability. Alternatively, you can place them in a reusable *dry erase pocket*. I bought mine online.

🌈 **Materials needed** – Pattern block mats, pattern blocks and an erasable marker.

🌈 **How to play** – Choose a mat and create the picture out of pattern blocks. Count the number of times each shape was used and write the number next to the shape. Then trace the word with an erasable marker.
